

## POOL AND SPA RULES AND GUIDELINES

The pool is intended for the private recreational use of the residents in good standing and their invited guests. Since there are no lifeguards in attendance at the pool, it is a "**MEMBERS AND GUESTS SWIM AT THEIR OWN RISK**" facility. Each pool user is expected to conduct themselves so that their behavior at no time detracts from the peaceful enjoyment to which other residents are entitled.

**HOURS:** 7 A.M. TO 10 P.M.

**GATE KEYS:** One key per household will be provided by the Association Management Customer Service upon request by Owner.

**GUESTS:** Guests are limited to five (5) per household, not including homeowners, and must be accompanied by a resident while using the pool.

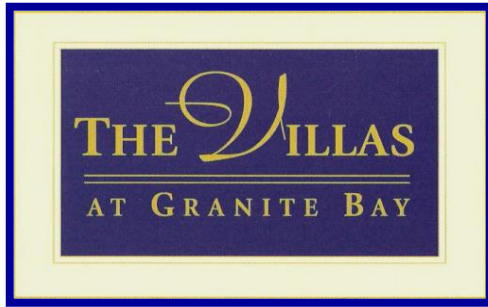

All trash, cigarette butts, etc. must be disposed of in waste containers provided for that purpose. **Each resident is responsible for cleaning up after themselves and guests.**

No sound amplification devices (radios, "boom boxes", CD players, etc.) are allowed unless their sound is delivered to individual listeners through headsets or headphones. An exception is music provided as part of an approved party (wherein reservations have been made in advance with the Pool Committee). **In no event is any sound projection in conjunction with a party to occur past 9 p.m. on any day of the week.**

### **HEATING OF POOL & SPA:**

Because heating the pool during the winter months would considerably increase the monthly utility expenditure, the Board of Directors has adopted the following policy:

The Villas at Granite Bay swimming pool will be heated only during the colder months of the year at the discretion of the Board of Directors. The spa will continue to be heated year round until further notice.
