

VILLAS AT GRANITE BAY

A PUBLICATION FOR V.G.B. HOMES ASSOCIATION

JULY 2019

THE VILLAS UPDATE

Fellow Homeowners,

Just a couple of things.

The pool is open now for all residents and their guests to enjoy. The pool "toys", (balls, floaters, etc) are all there to help dissuade the ducks... Please feel free to use/play with the pool toys and LEAVE THEM IN THE POOL when you leave. Also, we all would appreciate it if everyone will make an effort to clean up after yourselves and/or your guests.

Additionally,

We need our Villas residents' help in preserving our HOA landscape. As has happened numerous times over the last decade, shrubs and hedges along the

curbs of our interior streets have been damaged by hot exhaust gasses from the vehicles of construction crews, delivery vans, and carpet cleaners, when the engines have been left running while they are parked just inches from the shrubs. This is currently the case for the boxwood hedges at the insides of both the entry and exit gates. Please, anytime you might observe this situation, either at your home or elsewhere, intervene to prevent possible damage to our landscape.

Happy Independence Day!!!

See you all July 16 at our next Board meeting.
